Hi Sharyl.

I intended to visit last time I was back in Bunbury but it did not happen.

I would like to get something happening regarding a replacement boundary fence.

It does not look like anything is going to happen with the retaining wall and even if it does, the fence will probably not be in the way anyway.

Do you have a preferred fencing contractor ?

Andrew

Hi Andrew

No preferences, Last time we sourced the quote from T & V fencing and we thought that quote was quite reasonable, but happy to go with whoever.

Regards

Sharyl

Hi Sharyl

Are you happy to pay for it or should we go 50 / 50% ?

Andrew.

Hi Andrew

As this fell in a storm we are more than happy to pay 50% for the 5metres that runs along our boundary. You may need to get a break down when asking for quote, as the fence runs over two boundaries.

Sharyl

The only reason the fence further on is damaged is because the first section was not fixed quickly enough.

Hi Andrew

Thats what I am saying we sought a quote immediately and dropped a copy in

to your letter box. You choose to follow up with Structerre hence the delay, so that is not our responsibility. I did speak to James who was in attendance when the quote was done and we initially asked the quote to be for the portion that had fallen but the fencing chaps said the sheets were all cracked from storm damage at ground level this is why they gave a quote for the whole section.
